Ajman Khanna asks: I would like to know whether I have gajkesri rajyog and dhan yog in my horoscope and their implications. My birthdate is 6th December 1975, birth time is 00:31 am, place of birth is Jodhpur (Rajasthan), India. Thanks!

Astrologer Ashutosh: Ajman! You were born under a Simha (Leo) ascendant and Dhanu (Sagittarius) moon sign. In your horoscope Jupiter is placed in fourth house from Moon. This forms a partial Gaj Kesari Yoga.

But, the GKY is not much useful in your horoscope. It will cause an increase in expenses and unwanted legal hassles from time to time.

About the Dhan Yoga, you have a powerful Mahadhan Yoga in your horoscope. You will earn well from own business and a salaried income too. There are also seen great monetary gains from investments in real estate and a business of agro products. But, this Mahadhan yoga will not be fully effective during the present Rahu Mahadasha.

There will be monetary gains in Rahu dasha but the losses and downfalls will be as big and as frequent as the gains. The actual positive and stable results of a Mahadhan yoga will start coming in the Mahadasha of Jupiter which begins in April 2020.

Some suggestions and remedies:

1. Avoid getting into a partnership business. You must do your business all alone without any dependency on any partners.
2. Wear a good quality Ruby in gold or copper ring on ring finger of your right hand.
3. To counter and balance the harmful effects of Rahu Mahadasha wear a Sindoori Coral (Moonga) in gold or copper on ring finger of left hand.
4. Keep your savings in fixed assets. Investments in property will always be beneficial for you.
