Aakash Asks: My DOB is 10th June 1988. I was Born in Bharuch, Gujarat, India. My time of birth is 08:50 AM. Can you please tell me whether there is Gaja kesari yoga in my kundali? If yes, then is it an effective one? Also, do I have a yoga for doing business in my kundali? If so, then in which field? Please reply to my query. Thanks!

Astrologer Ashutosh: Aakash! Your horoscope clearly has a Gaj Kesari Yoga. It is an effective one too. You were born under Cancer (Karka) ascendant and Aries (Mesh) moon sign. Brihaspati is placed with Moon in Mesh Rashi in the tenth house of profession. This makes the resulting GKY a very powerful rajyoga.

But, you will have the best results from this Gaj Kesari Yoga only from 2020 onwards. Till then, this rajyoga will not be able to do much good to you. But, the hard work done till that time will pave the way for the good financial and professional gains from 2020 onwards. So, you should keep on working and learning with full enthusiasm and zest keeping in mind the good progress in life which will begin after seven years.

Yes, you will do business but it should be kept as a side business only as only a stable job with regular salary as your main profession will give you the much required financial stability. You can do businesses related to insurance and medicinal products. I have given mentioned two businesses because you will not limit yourself to one enterprise at a time. You will try your hand at a few diverse variety of enterprises.

My best wishes are with you.
