Jupiter is ending its transit in Aquarius and entering Pisces on 13th April 2022. This most positive and benevolent planet among all nine planets is entering its own house, Meen after a period of twelve years. This time Brihaspati's transit in Meen rashi will be from 13th April 2022 to 22nd April 2023. There will be no going back to Kumbh rashi in this one year period unlike the previous few transits of Jupiter in Pisces.

Pisces is a sign symbolizing creative imagination. It is a dual-natured sign. Pisces is Brihaspati's own house. It is termed a Swagrahi in Meen rashi. In this sign, Guru is mild mannered, wise, disciplined, creative and benevolent. It has more interest in the classical arts and traditions and encourages the same in Pisces. The positive aspects of the religions and traditions get more importance than the orthodox and the negative ones when Jupiter is in Pisces.

Guru rules over two signs and is exalted in one. It governs the fire sign Sagittarius (Dhanu) and the water sign Pisces (Meen). It becomes exalted in Cancer (Karka). It completes a full cycle of the twelve zodiac signs (Rashis) in approximately twelve years. So, it comes back to the same rashi after a period of twelve years.

Brihaspati's previous transit in Meen rashi was in 2010-11 from 2nd May 2010 to 8th May 2011. It went back in retrograde motion to Aquarius on 1st November 2010, then it became direct and re-entered Pisces to become Swagrahi again on 6th December 2010.

Before that, in 1998-99 the transit of Jupiter in Pisces was from 26th May 1998 to 26th May 1999. Brihaspati had gone back to Aquarius in a retrograde motion on 10th September 1998. It re-entered Meen rashi on 13th January 1999 and stayed there in direct motion till 26th May 1999 when it had entered Aries (Mesh).

This time, in 2022-23 transit, Brihaspati will stay in Meen rashi only with no retrograde backtracking into Kumbh rashi. This will be its continuous stay in Pisces after a long time. So, the effect of Jupiter in Pisces on all of us will be consistent for next one year. The next transit of Guru in Meen rashi will be in 2034-35 from 28th March 2034 to 6th April 2035.

During this 2022-23 transit of Jupiter in Pisces there will be some big changes in the ways governments function. The rulers will try to impose more restrictions on people. There will be rebellions and protests too in many nations. New and effective forms of protests will become more popular. Police, security forces and judiciary will become more efficient.

The demand for gold will increase substantially. Financial markets and stocks all over the world will see serious fluctuations. New trends and new arrangements in international banking and trade will happen.
