

S.R asks: I am facing lot of problem in career front, do not have a job since march 2010 as I quit it. Even as I am trying I am not able to get a good job. When will I get a good job and how is my career in future? Thank You. My details are DOB- 04-04-1985, TOB- 7:31 am, POB- Calcutta, India.

Astrologer Ashutosh: You were born under Aries (Mesh) ascendant and Virgo (Kanya) moon sign. You have a strong and swagrahi Mars placed in Aries, but its forces are misdirected by the presence of Rahu in same sign. You are going through Rahu Mahadasha which again is not a sign of stability in life.

A debilitated Jupiter in your house of profession creates work related problems time and again. These problems will range from a simple resignation from job to some serious job related legal problems. The present antardasha of Jupiter in the Mahadasha of Rahu is adding to your job troubles. This antardasha will go on for one more year.

Today, Sun has entered Leo and it paves way for a good and well paying job for you. So, you must start applying and in the first two weeks of September 2010 you will get a good job as per your requirements. The facilities and comforts in this new job will be much better than the previous job which you have left.

To stay secure in your job and to avoid any future problems perform the following remedies as soon as possible:

1. Keep fast on Thursdays. Avoid wearing yellow colours when going to office.
2. On Friday evening, keep one fistful of Udad daal (raw, not soaked or cooked) in a black cloth pouch under your pillow. Throw this daal in any garden or under a tree where birds can feed on it. Do this every Friday throughout your life.
3. Wear a 5 carat or above weighing Cats eye in silver ring on ring finger of right hand. This gem should be worn on Sunday morning. Wear this gem for next 14 years.
4. Wear a Sindoori Coral in copper/gold ring on the ring finger of your left hand. Wear it on Tuesday at Sunrise. You should wear this gem lifelong.
5. Avoid being in company of people who have doubtful character. Control your expenses and never ever try to take a short cut to earn more money. Such shortcuts will create great and unsolvable problems for you.

All the best.
