Prashant Asks: My DOB is 2nd June 1982, TOB is 5:50 AM and POB is Rajkot, Gujarat, India. Could you please confirm which gemstones should I be wearing for job stability, marriage and good income gains? I have Sun placed in the Ascendant with a retrograde Mercury and Saturn with Mars and Moon in Virgo in the 5th house. Do I need to wear a Ruby or a Neelam/Khooni Neelam since both Sun and Saturn planets are well placed in my chart.

Astrologer Ashutosh: You were born under Taurus ascendant and Virgo moon sign. The Mahadasha is of Jupiter and the Antardasha is of Ketu which has begun in February 2013. You can expect some surprise developments regarding your profession, finances, health and personal life. Stay alert and make best use of any out-of-the-blue opportunities.

You should not be wearing a Ruby though Sun is well placed in the ascendant. In a horoscope ruled by Venus the Sun becomes a functional malefic and any efforts to strengthen it can give adverse results. So, avoid wearing a Ruby. And, till the time the Guru Mahadasha is on avoid wearing a Panna (Emerald) too.

Shani is a yogakarak planet for you and you can wear a Neelam safely. But, I have doubts about a Khooni Neelam despite the yuti of Saturn and Mars in the fifth house. The presence of Jupiter in the sixth house and of Venus in the twelfth is not good for your health and well being. Under such planetary positions a Khooni Neelam can cause some serious health problems or accidents and injuries. Anyway, always test a Neelam or a Khooni Neelam before wearing it to be on the safe side.

Neelam will be good for your job stability and income gain. Wear it on a silver ring on middle finger of right hand. For marriage purposes you should wear a White Sapphire for Venus in a silver ring on ring finger of right hand.
